NonPartisan Coalition: Sharing Best Practices

NonPartisan Coalition is improving communities by sharing “Best Practices”. Beyond listing resources, our goal is to show community leaders what is being done in other neighborhoods.

There are strong leaders in every community. These leaders are seeing a need and they are looking for solutions. We hope that by sharing some of the resources submitted by our advisers, community leaders and faith leaders will find new ways to strengthen their own communities.

From At-risk Populations Advocate Joe Jones:

Do you remember the saying ‘We are only as strong as our weakest link’? This saying also applies to communities. Often hidden from view, every community has at-risk people: homeless, economically fragile, people with mental and/or physical challenges, refugees, and parolees struggling to re-enter the community. Find out what is being done across the DMV to help these community members.
